Melanie A. Tibbs, Service Director  
Village of Richfield

Richfield OH 44286-0387

Dear Ms. Tibbs:

On behalf of The Norton Construction Company dba Norton Environmental, I am pleased to submit the enclosed bid for the Collection and Disposal of Rubbish and Recyclables Services for the Village of Richfield and Richfield Township.

The principals of Norton Environmental own Landmark Disposal for the purposes of providing contract hauling for the collection of solid waste. Landmark will collect and transport the material to a Norton landfill or recycling center for disposal or processing respectively. Norton Environmental owns or operates three landfills and two recycling facilities. For your bid we are proposing to use the Royalton Road Sanitary Landfill located in Broadview Heights for the disposal of the solid waste. We propose to process your recyclables at the Medina County Central Processing Facility, a facility that Norton operates, which presently handles all of Medina County's waste as well as recyclables from several communities, including the City of Cleveland.

Although Landmark is a relatively new company Norton Environmental has been in business in the Cleveland area since 1947, owned by the same family that presently operates the company. Through Landmark and Norton they have the financial, equipment and disposal capabilities to successfully complete all aspects of your bid.

The following recyclables will be collected from the residents of the City: newspaper, cardboard, boxboard, steel cans, aluminum, PET and HDPE plastic beverage containers.

Please contact the undersigned with any questions or concerns. Thank you very much for your consideration.

Sincerely,

John L. Frola
