

The Village of Richfield is pleased to announce the Adopt-A-Spot Program is back for the 2023 season.

This program is headed by the *Richfield Tree and Landscape Commission* which focuses on the *beautification* of select Village owned sites that are enhanced throughout various areas in Richfield.

The Adopt-A-Spot Program has two main contributors 1) *The Sponsor* and 2) *The Steward*.

 *Sponsors* donation is \$250 for the season, the funds are used to procure the plants, planting materials and mulch. Each location includes a sign with your business name imprinted and will be displayed the entire season.

 *Steward* responsibilities include maintaining the sponsored spot for one growing season. Stewards select the flowers, plant the flowers, maintain the beds and water from May thru September. Each spring the Village's Service Department staff will prepare the beds for planting.

The participating stewards may be Richfield individuals or families, business groups or even volunteers from the sponsoring business. Businesses may sponsor multiple sites.

If you are interested in participating as a sponsor or steward please contact Laura Toth at 330-659-9201, ext. 234 or email LToth@richfieldvillageohio.org

Through your support we will be able to keep Richfield beautiful!
